Provincial Achievement Tests Summary Results Report 2015 – 2016

The charts, beginning below, report Forest Green School’s student achievement on Provincial Achievement Tests. Individual subjects are provided in historical detail on the pages that follow.

Some considerations:

Grade 6 experienced growth in most subjects:

- Grade 6 ELA, Math, and Science all exceeded the provincial level of acceptable standard.
- Teachers in these subjects have all taught them before. Significant effort went into trying to find ways to engage the class in the curriculum.

Math 6 is an area for increased focus:

- The school results are slightly declined but are exceeding the provincial and Divisional results for the acceptable standard.
-

Social 6 continues to be an area of growth:

- At the school level, the results have improved slightly; however, the results are significantly lower than the provincial and Divisional results.
- Social 6 was taught by several teachers due to leaves. The teacher covering most of the time was also new to the grade 6 curriculum.
