Dear Forest Green Families,

Winter has arrived!

As the days grow cooler, it's essential to ensure our young learners are prepared for the changing weather. Please remember to dress your children warmly as they head to school. Coats, hats, gloves, and scarves will help keep them cozy and, more importantly, safe from the chilly temperatures. We want to make sure our students stay protected during the winter season.

Picture Retakes

If your child missed pictures back in September or you would like retakes done, please be sure they come to school Thursday, November 2.

Share a Thought

Parkland School Division and Forest Green School are committed to growth and learning. We are also committed to engaging with our community on behalf of the students we serve. We strive for parents/guardians and various stakeholders to be involved in order to create a more wholesome education planning process, that eventually develops a Division and our individual schools' education plans. Think of 'Share A Thought' as a 'How are we doing?' check-in.

Attendance

As we find ourselves two months into the school year, it is crucial to emphasize the vital role that consistent attendance plays in your child's education. Regular school attendance is not just about meeting requirements; it directly impacts your child's academic success and overall development. When students attend school regularly, they have the opportunity to engage in meaningful learning experiences, build strong relationships with teachers and peers, and develop essential skills for the future. Absences, even when excused, can still disrupt the flow of learning and leave your child feeling disconnected from the classroom community. We encourage you to continue supporting your child's education by ensuring they attend school consistently. Your partnership with us in this endeavor is greatly appreciated, and together, we can help your child thrive academically and socially.
